**TOGETHER WE MAKE QUALITY GLOVES AT W.A. RUBBERMATE**

**Thailand's Leading Examination Glove Manufacturer Since 1988**

**W.A Rubbermate Co., Ltd** is a leader in both Natural Rubber Latex and Nitrile Latex Examination Gloves manufacturing in Thailand since 1988.

Located in the lovely Chonburi Province of Thailand, W.A. Rubbermate's production facility is just an hour's drive east of Bangkok City with easy southern access to the world class Laem Chabang Port for export shipment deliveries.

W.A. Rubbermate's production facility is GMP-compliant and currently consists of 8 modern and highly efficient production lines, capable of producing in excess of 100 million pieces of examination gloves per month, or approximately 1.2 billion pieces per year with consistent product quality output.

W.A. Rubbermate works closely with our private label customers to supply them with a range of disposable examination glove products. Made from either natural rubber latex and synthetic nitrile, our examination gloves are also available in both powder free and powdered form.

We are focus driven to meet and exceed your products' quality benchmarks in a consistent and reliable manner. To achieve this, we have invested and will continue to invest in facility modernization and expansion to fulfill our commitment to you and your customers.

We strongly believe that by constantly meeting and surpassing your expectations in a timely manner, together, we can build the foundation for a sustainable long term business partnership. We are excited at the opportunity to drive your future business growth and we look forward to having you onboard together with our successful long term customers in the United States, Canada, Europe and several ASEAN countries.

# TOGETHER WE MAKE QUALITY GLOVES AT W.A. RUBBERMATE

## Nitrile Synthetic Latex Examination Glove

Type	Powder Free and Non-Sterile
Material	High Quality Acrylonitrile Butadiene Rubber
Features	Ambidextrous Fit with Beaded Cuff for easy donning Thinner Gauge for Improved Tactile Sensitivity Improved Chemical Resistance Compared to Natural Latex Available in Smooth, Full or Finger Textured Surfaces
Colors	Blue, Grey, Black
Quality	Conforms to ASTM D6319 and EN455 Standards
Storage	Glove properties maintained when stored in dry conditions not exceeding 30°C (86°F)
Shelf Life	5 Years from Date of Manufacture

### AVAILABLE SIZES

XS S M L XL

### AVAILABLE TEXTURES

PALM FINGER

## Natural Rubber Latex Examination Glove

Type	Lightly Powdered or Powder Free and Non-Sterile
Material	High Quality Natural Rubber Latex
Features	Ambidextrous Fit with Beaded Cuff for easy donning Available in Smooth, Full or Finger Textured Surfaces
